Bulk Pure Maple Syrup Grade A and Grade B

All of our maple syrup supply is certified Kosher and is all Natural. We would be happy to work with you to select the right grade of syrup for your needs.

Grade A Pure Maple Syrup: Considered “table grade” maple syrup and is best used as a topping, as you would normally use syrup, such as on pancakes, waffles, french toast or ice cream but also makes a great meat glaze. This syrup has a delightful maple taste less powerful than grade B syrup.

Grade B Pure Maple Syrup: Considered by many as a “cooking grade” and has a much darker color and stronger flavor than Grade A. It is ideal for cooking, baking and flavoring. Some studies even suggest that Grade B has a higher dose of the healthy nutrients found in pure maple syrup.

Our Containers: Our 5 gallon jug containers are easy to use. You can pump out of them or simply cut the insert out of the cap and put in a $\frac{3}{4}$ valve. Valves are available upon request for a small fee.

Pure Maple Syrup

U.S. Grade A Dark Amber

55 lbs = 5 gallon jug

Item number: 14005

U.S. Grade B

55 lbs = 5 gallon jug

Item number: 15005
